Welcome Screen

Hey Boomers!
We're into double digits!

This is the tenth power-packed issue of STC. Seems only moments ago I was inputting my very first Welcome Screen and the humes around here weren't always complaining about being overworked and wanting holidays (wimps!).

We couldn't have made it without you, Boomers. Your letters, your drawings, your Data Strips and the fact that STC disappears off the shelves faster than Sonic himself, proves that you like what we're doing.

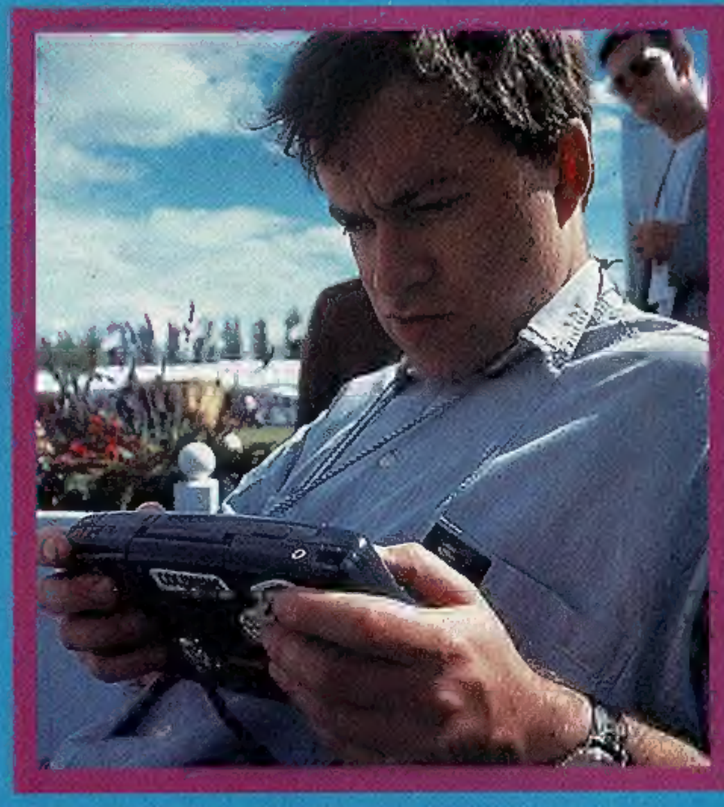
By way of a small celebration we're unleashing our weirdest new series yet on you. Believe me, you ain't seen nothing like **Decap Attack**! A great platform game on the Mega Drive, it is now destined to become the strangest addition to STC's line-up yet. Boomers of a nervous disposition (and those with any good taste) are advised to close their eyes while reading the last mega story in this issue.

Megadroid

Joe Strummer and Paul Simeon of The Clash (who?) demonstrate the newest Game Gear playing technique: two-player action with optional fist to hit the screen in frustration. Bound to catch on, guys.

Gear, Fab, Groovy, Chaps!

More celebs tackle their greatest challenge yet - the Sega Game Gear!



'Ere's that Harry Enfield. What a character! You don't want to play it like that, 'arry, you want to play it like this!

Bruce Dickinson, soon to be ex-Iron Maiden, gets ready for his new career. "Game Gear, anybody wanna buy a Game Gear? A tenner to you, luv."

GET UP, WORKER! YOUR SHIFT IS NOT OVER YET!

I...I JUST **CAN'T** DO ANY MORE...

GET AWAY FROM HIM, YOU TIN-PLATED **JERK!**

IT'S SONIC!

YOU'D BETTER BELIEVE IT, BUDDY!

AT LEAST WITH THESE MILITARY BADNIKS I CAN REALLY LET MYSELF GO, SINCE THERE ARE NONE OF MY LITTLE BUDDIES INSIDE.

BLAST! MISSED ONE!

KRAK!

ARGGHH!

OKAY, SPIKY, THIS IS WHERE YOU GET YOURS!

NOT A CHANCE, BOZO! WATCH THIS!

WOOM!

HAH! SO MUCH FOR THAT, BIGMOUTH! YOU MISSED ME!

WANNA BET?

OH S... KZZZZT... BZZZT...

NOW WHAT, SONIC? WE CAN'T LEAVE THROUGH THE MAIN GATES. THIS PLACE IS CRAWLING WITH BADNIKS.

I'VE GOT EVERYTHING FIGURED OUT. THIS WAY...

BUT SONIC, THERE'S NO WAY OUT DOWN HERE! AND PEOPLE SAY IT'S HAUNTED!

HAUNTED? DO ME A FAVOUR, WILL YOU!

AAAAAAGH! A GRABBER!

I'M ON IT!

I CAN DEAL WITH BADNIKS LIKE THESE IN MY SLEEP.

B-DANG!

FREE! AT LAST!

I THOUGHT I WAS GOING TO SPEND THE REST OF MY LIFE TRAPPED INSIDE THAT BADNIK. THEY PUT ME THERE BECAUSE THEY SAID I WASN'T WORKING HARD ENOUGH.

TAKE IT EASY, LITTLE BUDDY... YOUR PROBLEMS ARE OVER... I'M HERE.

UUURGHHHH!

HURRY IT UP, GUYS. WE DON'T HAVE MUCH TIME!

SONIC, LOOK OUT! BEHIND YOU!

NOW WHAT?

SHOOOOSH!

WHAT THE HECK ARE YOU?

ONCE I WAS A SCIENTIST WORKING WITH DR ROBOTNIK ON A CHEMICAL CALLED **MEGA MACK**. A CHEMICAL DESIGNED SPECIFICALLY TO DESTROY YOU!

THAT WAS BEFORE THE **ACCIDENT**...

A COMPARTMENT IN WHICH I WAS WORKING WAS ACCIDENTALLY FLOODED WITH MEGA MACK.

INSTEAD OF BEING KILLED I SOMEHOW BECAME PART OF THE CHEMICAL. I WAS REBORN IN THIS NEW AND DEADLY FORM... I BECAME THE MALIGNANT **MEGATOX**!

SO WHAT'S YOUR DEADLY POWER? APART FROM BEING ABLE TO **BORE** YOUR VICTIM TO DEATH, THAT IS.

YOU WANT TO SEE MY POWER?

TRY THIS FOR SIZE!

AAAA... GLUB!

THE CHEMICAL I AM COMPOSED OF WAS DESIGNED TO KILL YOU, SONIC. LET'S SEE WHAT HAPPENS WHEN YOU TRY TO **BREATHE** IT!

I GOTTA DO SOMETHING... AND **FAST**!

AAAGHH! YOU'RE PULLING ME APART!

SHZZZTTTCHH!

WELL, I GUESS THAT TAKES CARE OF THAT BIG DRIP.

SOMETIMES I'M SO COOL I EVEN IMPRESS **MYSELF**.

YOU CAN'T DESTROY ME, SONIC! I AM ONE WITH THE MEGA MACK. I AM **INDESTRUCTIBLE**!

INSUFFERABLE, MORE LIKE!

OKAY, SLIMY. YOU ASKED FOR IT!

WHATEVER YOU'RE UP TO, YOU'RE WASTING YOUR TIME SONIC!

EVEN IF I CAN'T DROWN YOU, BEING IN CONTACT WITH ME WILL KILL YOU BY **POISONING!**

YOU'RE GOING TO LIKE THIS, MEGATOX! IN FACT, YOU MIGHT SAY IT'S GOING TO **BLOW YOU AWAY!**

NOW LET'S HOPE I CAN GET THIS RIGHT. THIS CHEMICAL IS STARTING TO GET TO ME... I FEEL A LITTLE DIZZY.

ALL I'VE GOT TO DO IS MAKE LIKE A PROPELLER AND SUCK THE MEGA MACK THROUGH THIS HOLE...

"TAKING MEGATOX WITH IT!"

OKAY, GUYS, LET'S **MOVE** IT! I DON'T KNOW IF MEGATOX CAN PULL HIMSELF TOGETHER AFTER I'VE SPRAYED HIM OVER THE COUNTRYSIDE, BUT I'M NOT WAITING AROUND TO FIND OUT.

SONIC, YOU ARE TOTALLY AMAZING.

YOU WON'T GET ANY ARGUMENTS FROM ME, GOOD BUDDY!

STREETFIGHTER 2

game type: FIGHTING
1-2 PLAYERS

Take a deep breath and get down to your local shop in October for this dynamite conversion from the Capcom arcade game.

It is the biggest Sega Megadrive game ever produced at 24 Megabites and Capcom revised it from 16 MB to 24MB to ensure all the characters, music and samples were included from the original.

It's even been extended, with amazing options and Hyper mode.The options available are difficulty level, time limit, pad config, music test and sound effects test.

The Hyper mode really takes the game to another play level. It allows you to increase the speed of play from normal to slow, to an absolute blur, where if you blink you can be taken out! It really is THAT fast!!

Other options under Hyper are VS Battle, where you can go one on one, and Group Battle, where you can choose from up to six people to fight against in either Match Play or elimination modes.

The music and sound effects are straight out of the arcade machine and they really make you wince when you get hit and bounce around to the rhythm!

Overall, Streetfighter 2 has been a long time coming for the Megadrive, but it has been for all the right reasons with Capcom aiming to, and actually delivering, a version that is far, far superior to any other home console version.

Phew what a month! Aladdin is an arcade game based around the hit film.Sega actually joined forces with Virgin and Walt Disney to create a new style of game with the graphics actually being drawn by Disney animators! As you can see from the screenshots, Aladdin actually IS Aladdin from the film. Of course, what you cannot see is the incredibly smooth animation and fast gameplay.

Aladdin has to find his way through various scenes from the film.He can run,leap,slash and throw apples he picks up at the hordes attacking him.There are plenty of humerous touches and lots of sampled speech thrown in at just the right moments.There is not a lot of strategy in the game but the fast addictive,gameplay more than makes up for the real lack of depth.

Aladdin really does set new standards for home video games.Graphics of this quality have NEVER been seen before on a home console and the gameplay, while simplistic, is very fluid and challenging. Put them together and you have a must-have game that you would be very silly to miss.

LANDSTALKER

game type: ARCADE/STRATEGY

MD

Landstalker is a first for the Megadrive. It is a 16MB arcade strategy game that is similar in style to other classic games like Zelda. The action takes place with a 3D isometric perspective and you have to walk around hack 'n' slashing nasties while trying to recover lost treasure. The game has great depth and some very addictive gameplay.

You can talk to people you find along the way who can give you tips and clues as to where to go and what to do.

This is not a game that will be cracked in a week or a month. It offers incredible challenge and simple intuitive gameplay.

The graphics and presentation are second to none and the attention to detail is very good. Because of the enormous size of Landstalker, it has a battery back-up option which, believe me, you are going to have to use if you intend to crack this game.There is also an introductory sequence that goes on for around five minutes, and you would have to view this every time if you did not save your position and start using the Continue option!

This will be a classic Megadrive game that is the first to offer gamers true arcade /strategy gameplay.

Anyone for Tennis?

The Megadrive finally gets a definitive tennis game! Wimbledon is a full feature sports game for the Megadrive.

On starting Wimbledon you can select from a mini-mountain of play settings.Up to four people can play with the soon-to-be-launched four player adaptor from Sega.You can choose from one to five sets and you can always go head-to-head against the console.

There are plenty of play options to choose from and they can greatly add to the gameplay and learning how to get the most from the shots available. One of the biggest problems with any tennis game is the perspective and learning how to get to the right position and timing a shot.

These problems have been pretty much solved with a timing chime and dynamic sizing of the Tennis ball. Locus Display and a bound pointer, which will show you just where the ball will land so you can position yourself correctly. You can also check out the game sounds and input your name.

To keep you interested in the game there is a password option that allows you to keep track of where you are and save your status for another day, - an essential option for those that take their tennis seriously!

KID CHAMELEON

PART 4

THE GOOD NEWS: EVER SINCE I ENTERED THE VIRTUAL REALITY OF THE WILD SIDE ARCADE GAME, I'VE BECOME MORE THAN JUST A KID. STRONGER, FASTER AND PACKED WITH SPECIAL POWERS, I'M NOW EYECLOPS.

THE BAD NEWS: I'M TRAPPED HERE AND I CAN'T GET OUT. WHAT'S MORE, I'VE JUST LET MY FRIEND SUZI GET WHISKED AWAY BY INVISIBLE SEWER MEN THAT ONLY I CAN SEE.

LEAST I'M GETTING USED TO MY NEW ABILITIES — I CAN USE MY INFRA-VISION TO TRACK THE HEAT ENERGY IN THE SEWER MEN'S FOOTPRINTS...

OK, HOLD ZZTILL, I'LL ZZZAP YOU LOOSE!

RIGHT, YOU DRAW THEIR ATTENTION. I'LL GET IN POSITION.

I CAN'T SEE THEM, BUT AT THIS SIZE THEY SHOULDN'T NOTICE ME EITHER ...

TREATS GALORE!

(Above, right and below) Toe Jam and Earl 2 on the Megadrive, due out early next year.

Sonic fans are in for a real treat this Christmas with **Sonic CD** coming for the Mega CD, **Sonic Spinball** for the Megadrive, and **Sonic Chaos** for the Master System and Gamegear. There is also **Robotniks Mean Bean Machine.**

This game is based around a Japanese Columns type game called Puyo Puyo and it has Robonik and some fiendish contraptions set to hammer Sonic. Well that's what HE thinks!

It's a puzzle game and not really an arcade players choice. The action is still fast but your brain has to work overtime to work out the problems. Expect to see this around Christmas time.

Sonic Spinball is shaping up very nicely and you are guaranteed some sizzling thrills from the latest Sonic arcade game.

It will have enormous play areas populated by some very strange creatures compliments of Robotnik. You can run and bounce around the play area in the hope of mastering all sorts of tricky pinball scenarios.

This is set to be the Christmas hit this year and should be on sale around November.

Another really brilliant Sega release due in early 1994 is **Toe Jam and Earl 2** for the Megadrive.

It comes from the same team that did the original Toe Jam and Earl. The graphics,sound and gameplay are far better than the original and it is packed with lots of fun touches and funky moves!

Weighing in at a massive 16 megabites, this will be one of the hottest games of 1994.

EXCLUSIVE!

As exclusively reported in STC issue 1, Sega's Mega CD 2 and MegaDrive 2 are on sale NOW, and can be yours for the grand sum of £249.99.

GAMES WORLD

Fun and Games with TV game

Games World - TV games step up a gear

Games World is a band of airtime from 6.00pm to 6.30pm, Monday to Friday's on Sky 1. Three separate programmes are shown on consecutive nights under the Games World banner. Monday night is Fight Night, where challengers, made up of five children, play competitively at a fast and furious pace. The ultimate winner goes on to meet the winner from Tuesdays show. Friday's Beat The Elite show see's the finalists play head-to-head. The winner then goes on to play one of the Videators.

The Videators comprise of the Games Messiah, Master Moriarty, and Big Boy Barry. The Games Messiah is a one-time tramp, who was given a golden token arcade from the Heavens and has since beaten everyone in his path to earn his new title. Master Moriarty is a 12 year old genius and public schoolboy, who is also one of the best game players.

There's Big Boy Barry, once loathed at school by girls, and equally un-sought after by boys. He appeared to be only interested in triple-decker sandwiches, until he munched his way through a computer chip by mistake. This resulted in him rising to become a popular media celebrity, earning vast amounts of money. Big Boy Barry lives in a luxurious joypad, equiped with the latest entertainment technology (he's the only person in the world with a video phone - shame he can't use it!) His respect extends to just one person - the Games Mistress, Jet - from Gladiators. A lucky member of the audience gets to play one of these three experts by spinning a wheel of fortune.

A mention for Wednesday nights, which consist of a fully interactive games show, which broadcasts live. Viewers can compete with all the members from a selected household and the idea involves playing video games via a touchtone 'phone. This exciting knockout game links up three separate houses (but only films from one). The contestants compete for great prizes, which are related to the games themselves. There is also a quick-fire video, general knowledge quiz (What colour is Sonic?) Finally, with tips, cheats and reviews galore, viewing will never be the same.

SHORT BURSTS

GET READY for an A-MAZ-ing Sega Mega CD game called Yumemi Mansion. This is the first game to really show the truly awesome processing power of the Mega CD. You get to travel around an actual house, investigate the rooms and look for clues. The graphics are so realistic you almost believe you are there and the sound effects have a ghostly echo to them!

The Mega CD is getting to be a really hot piece of hardware, and with games like Silpheed, Sonic CD, Batman Returns, and now Yumemi Mansion, you have got to put it on your Christmas list. As yet, there are no UK price or release details, but stay tuned.

KONAMI is developing an updated version of its hit 8-bit game, Castlevania, for the Megadrive. It is an all new affair with incredible graphics, bosses and gameplay to match. Release date should be early 1994.

A NEW GAMES MACHINE went on sale in Japan last month, called Laseractive, from Pioneer. This incredible machine plays video disc films and music laserdiscs, plus there is a special module available which allows you to play Sega Megadrive cartridges and Mega CD games. The bad news is the price! It is selling for around £550 in Japan, and will cost the same when it goes on sale in the U.S. Still, we can dream.

Another hot new Mega CD title that is under development in Japan, but unfortunately there are no details for the UK, is AX 101. This looks to be a shooting game with the same style of 3D graphics seen on Silpheed. This game is apparently still a long way from completion, but it looks to be a hot title. You have been warned!

Welcome once more to the Q Zone, a place of help and assistance for those poor, pitiful gamers. Our Game Gear Guild editor, Q (pronounced by a select few as Kew), has been busy this week with your tips. Unfortunately, there's a limit to how much we can print in one issue, so the rest will have to wait until next week.

OUTRUN Tips

Those who dream of being Nigel Mansell and own a copy of Outrun can now get on that rostrum with their heads held high, because I have a cheat which allows you to drive through other vehicles and obstacles as though there was nothing there! Makes life a bit too easy really, doesn't it?

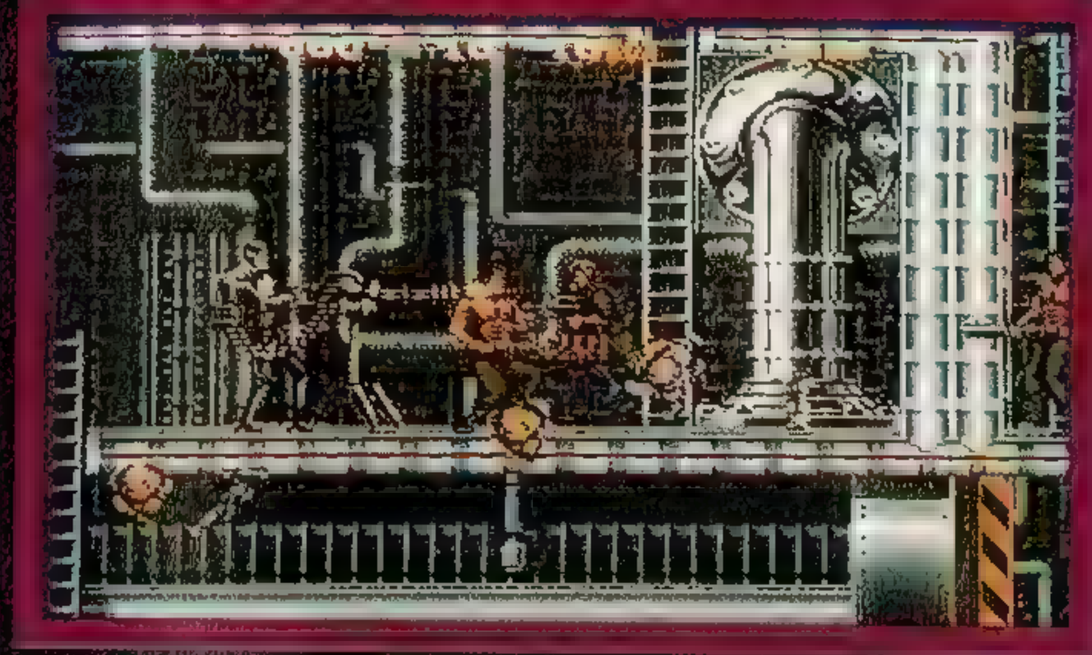
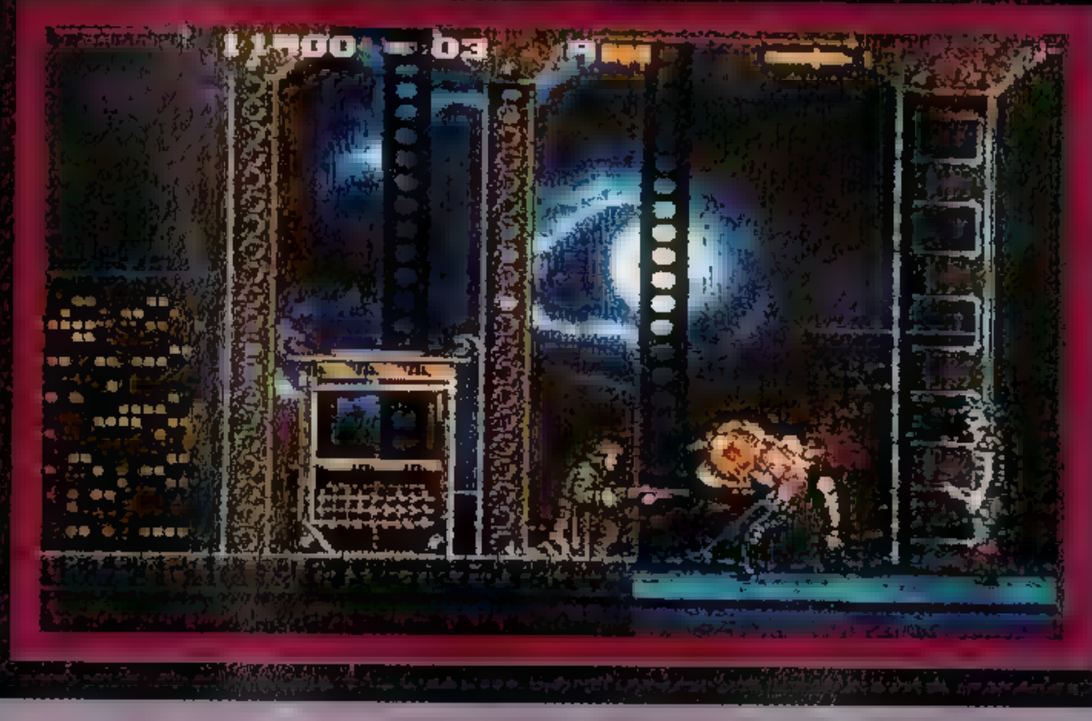
GG

Surprisingly, this was much better than the Mega Drive version. So, no doubt, Arnie will soon be saying to all Game Gear owners – 'I'll be back!'. Anyone having problems will be grateful to see a level select cheat.

Keep circling the control pad anti-clockwise while holding button 2, and a level select will appear.



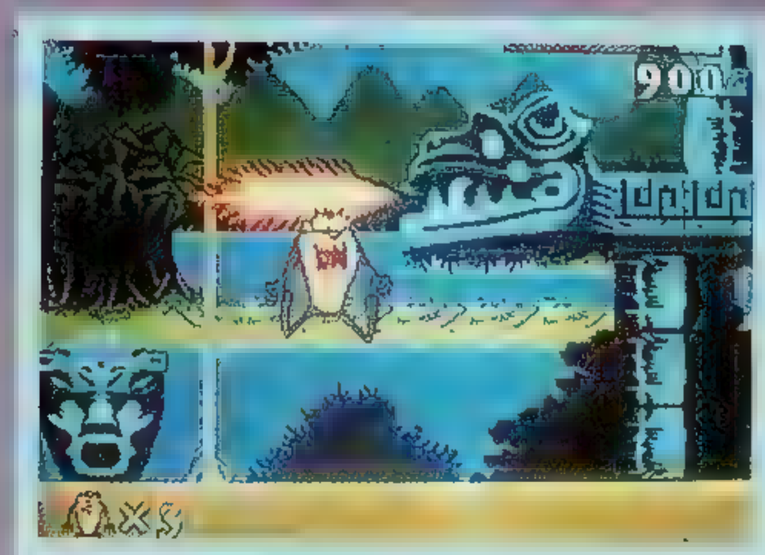


TAZ-MANIA Tips

MS

This 'devilish' game was a hit on the Mega Drive and is currently riding high in the 8-bit charts. Now, everyone who owns this, smile immediately, cause guess what? Yes, I have a simple but great cheat which gives you infinite lives:

On level one, collect a 1-Up in the first set of clouds and collect another at the end of the level. Get killed and repeat the process until you think you have enough lives to complete the game.



Tips

FATAL FURY

Another clone of the game that just about everyone who has a Mega Drive is dying to get hold of. However, for those who couldn't wait for Streetfighter 2 and bought this, here is a cheat to give you infinite continues:

When the continue screen appears after you have been defeated, press UP, A, B and C together, then let go. Repeat this several times to increase your credits to a maximum of 9.

COOL SPOT

I know a lot of you cool Boomers are having trouble getting further into this brilliant game. If you are, then help is at hand with this cheat which gives you a level skip, infinite time and infinite health:

First, start the game and press pause. Now press A, B, C, B, A, C, A, B, C, B, A and C on the joypad to activate the cheat.

BLACK HOLE ASSAULT

Beat-em-up games have proved very popular over the years, and this one on the Mega-CD has excellent graphics and music. However, it falls down badly through poor gameplay. I have some great help for owners, plus details of how to access a hidden game:

To become invincible wait until the options screen appears and enter your name as MUTEKI, then exit the screen. Now, select operation BHA and again, enter your name as MUTEKI. Start playing the game and you will be totally invincible.

To access the hidden game enter your name as AZY and choose operation BHA. You will now enter a game called Black Ball Assault.

Harp-ing On

Dear STC,

I have an idea I would like to share with you. Why don't you put a contents page in your mag and number the pages? Speedlines, Graphics Zone and Control Zone could be put in the centre pages, and News Zone at the back of the mag. Please think about my idea, and could you also include Sonic's girlfriend, Amy Rose, in your comic strip?

Stephen Harper, Luton, Beds. MD owner. Sonic Water Fun Game Winner.

Anything else, Stephen? You've come up with some interesting suggestions, but we already have an editor (such as he is!) although you sound like a budding one.

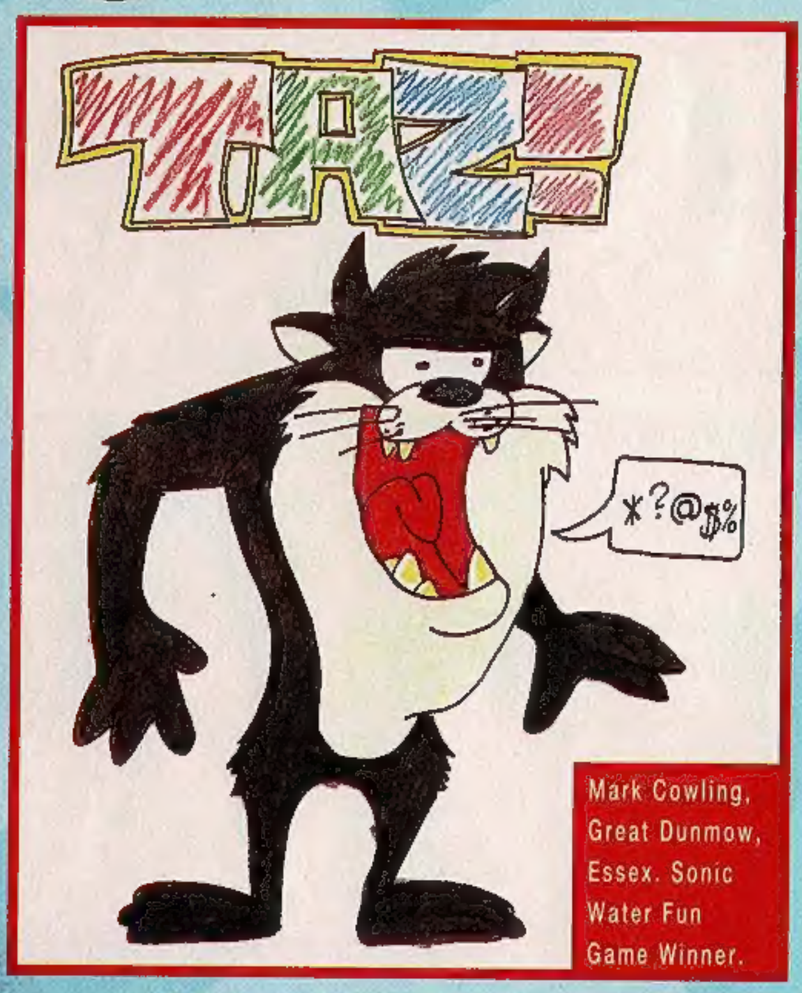
Jolly Good Fellow

Dear STC,

My brothers, Dave and Jonathan, and I, enjoy STC. The only trouble is, my mam will only buy one comic between the three of us - and now my two year old sister, Stephany, has started to grab it when my mam brings it in on a Saturday. Really, it's only David and I who understand it properly and we sneak out to read it in our beds. My mam can't believe how much we love STC but says she would rather read the Beano. We still can't get our mam off our computer, even though she can't get past the Marble Zone!

Shaun Stringfellow, Stockton-on-Tees, Cleveland. Sonic Water Fun Game Winner.

So, Shaun, your mam prefers old-fashioned comics! Sounds like a strange mam to me, but at least she's cool enough to play Sega games.



Mark Cowling, Great Dunmow, Essex. Sonic Water Fun Game Winner.

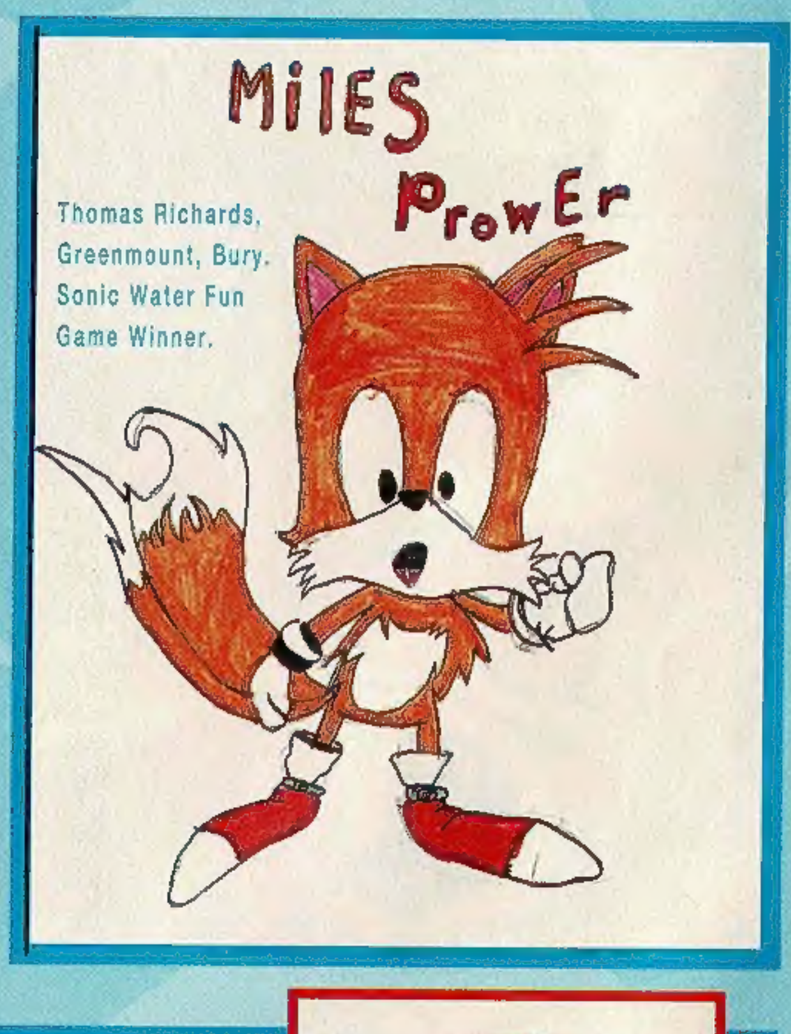
Game Dear

Dear STC,

One day me and my mum were shopping in Perth, when I saw the car adaptor for the Game Gear. I asked mum if I could have it and she said, "What! At £12.99...you must be joking!" When I got home I picked up my copy of STC and saw a column advertising Game Gear car adaptors for only £6.99! That was almost half the price!

Scott Macpherson, Auchterarder, Perthshire. GG owner. Sonic Water Fun Game Winner.

Well, it just goes to show there's no fooling a canny 'Scott!'



Thomas Richards, Greenmount, Bury. Sonic Water Fun Game Winner.

Handy Andy

Dear STC,

I really love your comic and have stuck the badge and stickers onto a folder, which I use as a Cheat Book. STC rules forever.

Andrew Dawson, Barwell, Leicestershire. MD owner. Sonic Water Fun Game Winner.

Great idea, Andrew. Have any other Boomers made imaginative use of their free gifts?
